

The President's Saddlebag

Karen Kimball, president PBCH 2013

If you missed out on our Potluck Meeting we had a good attendance and lots of great food. We welcomed 2 new members. Be sure to read over the minutes at that meeting for there is a lot going on.

We may be going up to Red Ives on September 7 & 8 to build corrals. Will let you know if that date is confirmed but just talked to Vanesa and she thought it would work.

I am putting in an order for Chapter hats, sweat shirts and t-shirts by Aug 12 so let me know by then if you want to get in on that order. The information is in this Newsletter on page 4.

Thanks Marilyn Rousher for Trail Bossing the Blue Creek Ride.

Thanks also to Julie Volpi, Ginger Swisher and Bea Christopherson for the help with the 4th of July Pass Trail Ride. There were over 30 people who took in the ride and good food. Red Ives was another successful event with lots of great help. Please read the report on it on page 6.

There are more trees down on Marie Creek trail so if anyone would like to ride it and do some cutting Bob Funke has our Chapter chainsaws. Just give me a call and you can check them out to do trail clearing. The bottom part of the trail was clear but the upper part has logs you can ride around but our chapter has taken on the responsibility of keeping it clear.

At Big R, we will get the 10% discount on buckets, bedding, books, fly control, supplements, grooming products, Nutrena/Cargill feed, tack and animal control. They have a list of everything when you go in there.

If you would like to trail boss a ride, let me know.

Happy Trails, Karen

Bob Williams questioned why we need to purchase equipment and it was agreed that it would be good for the club to be able to lend out equipment with the provision that whoever borrowed the equipment would be responsible for repairing or replacing the equipment should it be damaged. Motion was made by Jerry Shriner and 2nd by Bob Williams. Passed.

Jamie Smith discussed the Challenge at Farragut to be held on September 28th. This is open to the public. Cost and prizes to be determined.

4th of July Recreation Area fun ride and BBQ

Julie Volpi, Bea Christopherson & Cindi Richardson contributed. The day started out overcast and somewhat cooler than the past few weeks. About 15 horse trailers needed to be parked and unloaded and Karen Kimball directed folks to parking spots at the large 4th of July Recreation Area paved lot.

Most folks were on time and the riders hit the trail right at 10 a.m. Ginger Swisher took her group of about 25 riders and started out on the 10-mile or 13-mile loop, depending on who you talk to. They were gone about 3 1/2 hours, according to food trail boss Julie Volpi. The other group, led by trail boss Bea Christopherson, started about 10 minutes later and completed the 5-mile loop in just under 2 hours. Those 7 riders had a nice, relaxing ride up to the restroom area and overlook. This recreation area is an easy, open trail system with good signage. It is well maintained year-around by the Idaho Nordic Ski Club. Lots of Doug Fir trees but no water at the trailhead.

Once back at the trailhead and parking lot, the riders were treated to lunch of hamburgers, chili beans, pop, and chips for \$5.

This is typically one of the bigger fun rides and it was open to chapter members with guests. **4th of July Continued page 3-----**

4th of July continued from page 2

We rode Having Fun to Loose Moose which is the left turn at the Y. Then we took the High Road to Spencer's Loop which took us right to the picnic table and toilets. They are called Peaceful View. We then went towards the Ian's Hut on Elderberry to the overview loop which is called Cedar Loop.

On the return ride we took all the way Having Fun back. We were seven riders and all of us stayed on our horses and we had a great ride. It took us roughly two hours to ride with the stop at the overlook. The weather was perfect and not too hot.

I think the lunch was great if we don't count the yellow jackets. I assume when the other riders returned the yellow jackets were probably worse. Written by Bea Christopherson, trail boss for 5-mile loop Map of the area can be downloaded at www.panhandlenordicclub.com

Blue Creek Bay Fun Ride

Written by Marilyn Rousher

The ride at Blue Creek Bay July 20 was awesome. We had twelve riders in all and rode for almost three hours. The weather wasn't too hot and a few of us hung out and ate lunch after the ride, moving our chairs every five minutes or so to stay in the shade. We saw a nice buck and made sure we stayed on the trail so as to not disturb any bees. We rode the orange loop which was very scenic and under more trees so not overly hot. All of the horses and riders had a good time and look forward to our next adventure out of town, but close to town.

Red Ives Trail Clearing and Camp Out

We had a great crew and spend 2 days clearing trails and relaxing on Sunday with some of us going home on Monday. We want to thank our crew Jerry and Diane Shriner, Greg Scorsone and Kathy LaFortune, Ray Heilman, Lori Jenkins, Alan and Jessica Harper, Jill Reineccus, and Angie and Wayne Parsons. Everyone worked sawing, lifting logs or holding and leading horses. We had good food, campfire discussions with Forest Service personnel and just time to relax.

Friday we started out clearing Indian Peak out of the Red Ives Ranger station. That trail was an easy one to clear and then when we got to the intersection we decided to make the loop and come down Indian Creek trail which was full of down fall and brush. It made a full day by the time we got back to our camp site. Saturday we split up and half went on Line Creek trail and the other half took Broken Elbow. We came together at the top of the loop. Then we took another mile and a half ride to Needle Peak and had a beautiful panoramic view of the area. Got back to camp about 7:00. Wayne Parsons always stays at camp and watches over things.

We were entertained at our camp site with several moose including a mother and her calf that came into the corral area for salt. We also came upon a mother with twins on Sunday as some of us rode into the St. Joe Lodge.
